Mount Pleasant TX 75455-3650
(903) 575-4004

Texas Police Chief Association
Recognized Agency Since 2008

Wayne Isbell, Police Chief

Press Release

Mount Pleasant Police Department recommends online system to help Citizens keep track of valuables.

The Mount Pleasant Police Department encourages all our residents to use a free online system that will help keep track of valuable and invaluable personal property. ReportIt is a free and secure online service allowing our residents to record serial numbers and upload images for jewelry, phones, electronics, and other valuables. Chief Wayne Isbell said "should those items ever be stolen, having the information will go a long way in accurately and quickly identifying your property." Citizens can access the site at **https://reportit.leadsonline.com.**

The ReportIt service is a part of LeadsOnline, an online system that works with police agencies across the country to track and recover stolen property. The Police Department uses LeadsOnline to help track and recover stolen property, everything from jewelry to sporting equipment to electronics, computers, cameras, and other items such as designer clothing, collectibles, and other items with invaluable personal worth. "The system allows our detectives to search for the items using a variety of parameters, including item descriptions, model and serial numbers," said Chief Isbell.

"The Mount Pleasant Police Department has had success using the online system recovering stolen property for Mount Pleasant residents and others outside our area. With information provided by LeadsOnline, we are able to develop leads, track down thieves, make arrests and recovery stolen property," said Isbell.

Citizens can store an unlimited number of serial numbers, item descriptions, pictures, and scans of receipts so items may be more easily identified in the event of theft, fire or natural disaster. This record may also come in handy when filing claims with insurance providers in the event of a loss. Only the person creating the account has access to the information. If a citizen becomes a victim they can retrieve the information and provide it the investigating police officer or a detective. Citizens wanting to participate in ReportIt can register and use it for free at **https://reportit.leadsonline.com** and begin building their personal property inventory list, or go to the Mount Pleasant Police Department website at **www.mpcity.net/police** for crime prevention tips and web link.
